Committee Reports: Fire: seal coating has not yet been done on their parking lot. Budget is approximately a $5000 increase from last year. Some discussion on line items in their budget. 2026 Assessments will remain the same as the previous year assessment. Nick will bring a few questions to the fire board about the budget. Engine 2 has been having some troubles. They had a repair man out to fix the primer, however it will need more work. Fire is asking do we spend the monies to have it fixed, could be around $100,000, it's a yr 1992. It is the backup fire truck. Or do we look into getting something different.

Ambulance: Had a meeting on Wednesday, the 10th. Went over the chief report. It was also the preliminary budget, chief Dow is asking for a $2/hr. increase. Some discussion on various line items. Ambulance budget was not approved. Will have another meeting on Monday, the 22nd.

New Business: Data Center (Menomonie). As of now there are a lot of rumors, we, as a township, do not have a say, it will be up to the City of Menomonie. Hopefully they will come out with some facts for people to read.

Fire Budget: See above in committee reports.

Public Comment: Chairman Nielsen said his eye is not getting any better and the doctor told him he needs to stay as “stress free” as possible. He would like to have someone take his place…eventually. He will hopefully know next month how things are going to go. He asked the board to be thinking who could fill in.

The fall newsletter will include the roll off and the Code Red emergency notification system alerts.

Motion to adjourn meeting was made by S. Nielsen, 2nd by N. Schaff. Approved.
